This and That

Good Morning,

I hope you enjoyed the beautiful weather this weekend.

We are excited that it is now time to REGISTER for the 2022-2023 school year.! Last week, Carina emailed you Enrollment Packet. If you didn't receive them, please contact her ASAP. Please make sure that after you complete the online portion, you stop by the office to pay your deposit; this will secure your child's place in their classroom.

Currently, registration is open to returning families and new Kindergarten students. At the end of this week, registration will open for new families. We have several families on a waiting list and they will be allowed to begin the registration process. By registering now, we are able to provide the right staffing and materials that will be needed for the upcoming school year.

If you are not planning on returning (does not apply to 8th grade students) we need you to go on to your Family FACTS Portal and select the box that says you will not be returning for the 2022-2023 school year.

When you register by May 1st, you will receive a \$50 discount on each of your children's registration fees. Registering early also helps the teachers know how many students will be in their classroom and what materials to order before they leave for summer vacation.

I hope you have a great week! If you have any questions about registration, please don't hesitate to contact the office.

Blessings,

Mrs. Bartsch
