## *This and That*

Good Morning,

Happy Tuesday. Thank you for a great school year! The teachers and I had so much fun spending time with your children this year. I hope you have a great summer and we look forward to seeing you again in the fall.

June 9th is our closing date for the school year. This is the time that we say good-bye to the 2021-2022 school year. At this time we will be sending out final report cards, forwarding cum folders to new schools, and finalizing financial accounts. After we close on the 9th, those who are registered will be receiving a calendar for the new school year, school supply list, and other important items that Carina needs to make you aware of. Carina and I will be in during the summer, please don't hesitate to call or email if you have any questions.

Last week, teachers sent home Family Map Scores. I hope that you had a few minutes to look at those with your child. I am happy to say that every grade in all subjects scored at or above the national average. The national average includes private and public schools, from across the country to here in Chico. To be at grade level a student needs to perform at the 50th percentile; anything above 50 is considered above grade level.

Our school is well above the national average, and we are so proud of all the improvement that so many of our students have made. I am also so thankful for such a dedicated group of teachers who work so diligently to do their best to meet the needs of our students. During our staff meetings, we not only plan together, but we help each other with ideas to improve our academics, reach students who are struggling, and provide additional academics for those students who are ready for more challenges. They are truly a

wonderful group of educators and I am so proud to call them all my colleagues and friends.

Here is an average of our school in each subject area.

Grades 1-8 - Reading - 66th percentile  
Grades 1-8 - Math - 68th percentile  
Grades 2-8 - Language - 65th percentile  
Grades 3- 8 - Science 70th percentile

Have a great week! Don't forget to check out the lost and found!

Blessings,

Mrs. Bartsch
